To Whom It May Concern,

I am writing this letter on the behalf of Tarik Casteel, President of T.L.C. Construction and Renovations, LLC to recommend him and his company as a general construction contractor.

Our company was able to form a strong working relationship with Mr. Casteel several years ago when he performed work with us for established owners and projects. For example, beginning in 2009 his company successfully worked with us on the Hershey Medical Center site, the West Student Housing Unit for the Penn State Hershey Medical Center Student Housing and the City Island, Senators Metro Park Field in Harrisburg.

More recently Mr. Casteel and his company completed significant work for us beginning October, 2014 through June, 2014 on the Pinnacle Health, West Shore Cancer Treatment Center project. Mr. Casteel and his workforce's responsibilities included but were not limited to roof blocking and sheathing, many facets of concrete work including blocking the entire job, installed hand and bumper rails, acrovyn paneling, curtain tracks, doors and hardware, benches, tables, trash cans, scale for wheelchairs, fences with trex boards, etc.

Additionally, Mr. Casteel demonstrated excellent supervisory skills and workmanship while performing his responsibilities. Because of his exemplary work ethic we also asked for Mr. Casteel's assistance in meeting our deadline on our contract with Pinnacle Health, Harrisburg Hospital where he installed and repaired the ceramic tile in five (5) bathrooms. This is just one of the examples where Mr. Casteel demonstrated he is a team player; doing whatever is necessary to get the job done and successful with meeting rigid time lines while working well to coordinate difficult schedules with multiple trades.

If you would like any other details concerning Mr. Casteel's work history with us feel free to contact me.

Regards,

PYRAMID CONSTRUCTION SERVICES, INC.
